

*“Placing our Residents First”*

A Note from Mother Marguerite, Administrator of Jeanne Jugan Residence

April 13, 2020

Dear Families and Friends,

We want to inform you that on April 12, one of our Residents tested positive for COVID-19. The Resident has been on strict isolation, and was transferred to the Hospital on April 12, for further treatment and observation. Our Resident is doing very well in the hospital and is in good spirits.

Since the onset of this outbreak, we continue to be in contact multiple times a day with the Los Angeles Department of Public Health, and we are following all their guidelines and directives to assure the safety of Residents and staff alike. Everyone is monitored daily for COVID symptoms. The Department of Public health has told us that we are doing a good job.

Our dedicated staff and Little Sisters have been working tirelessly to make sure that your loved ones remain safe and healthy. Please stay at home and minimize social contact as much as possible to keep your family members safe.

Thank you for your understanding and collaboration as we make decisions for the health and safety of our Residents and staff. We will continue to keep you updated with any new developments.

We pray that God will protect all of you and your loved ones during this time.

United in Prayerful Support,

*Mother Marguerite*
